

Area Action Plans

- **Goal of Discussion:**
 - **National Requirements**
 - **Transnational Requirements**
 - **National/Area contact point: who and where?**
 - **Who is responsible for A&RC?**
 - **Available finances?**

Area Action Plans (AAP)

- **Show what is still needed for ELBARN to function in the Area**
- **Contain a plan of how the Area will contribute to the continuation of ELBARN**
- **Show which institution or individual will control Ark and Rescue Centres**
- **The amount of work involved in producing an Area Action Plan will vary depending on the needs of the Area.**
- **Experienced people from all over Europe will be asked to help solve problems faced in writing the Action Plans**

1) General Discussion for Area Action Plans

Goal of Discussion:

- To discuss and plan the action needed to fulfil the national and transnational requirements listed below.
- To discuss the work group results of the work groups in the Plenary.

National Requirements:

- National Committee for Animal Genetic Resources needs to be in place
- Census of breeds
- Census of Holdings
- Nucleus herds should be built up
- Sustainability (Ark centres, products and services)

2) **General Discussion for Area Action Plans**

Transnational Requirements:

- Stakeholder network required for crossborder cooperation and to exchange best practice/knowledge on:
 - diseases
 - rescue
 - promotion of agrobiodiversity
 - sustainability
 - transnational lobbying (European policy, PR, ...)
- **Further Questions**
- **National/Area contact point: who and where?**
- **Who is responsible for A&RC?**
- **Available finances?**
